Nursing Student

Arlington Free Clinic serves close to 1,500 patients through more than 8,000 healthcare visits each year.

All are Arlingtonians living with low-income who lack access to health insurance, but there is so much more to their stories than what they are lacking.

They are people you see every day in the community, working hard—often at multiple jobs—and caring for children who live at home. They come from all over the globe, but each is an integral part of their family, workplace, neighborhood, children's schools, and our community.

Here are some of their stories:

"I'm working hard in nursing school to give my son a bright future."

"I turned my love of baking into a business that helps people celebrate their special moments!"

"I love learning, and you can almost always find me at the library taking some class or another!"

Scan to hear more of these stories from our waiting room:

We are all made of stories - and your support is part of our story.

If you've already given this year, we send you our heartfelt thanks.

If not, your year-end gift will help us continue to provide essential care to Arlingtonians in need.
